

Here are some interesting ways to enjoy our Soft Baked cookies.

Try with one variety or try with them all!

- Smash into small pieces and use instead of graham cracker crumbs when making cheesecake.
- Break into crumbs and use for your next crumble topping on breads, pies and fruit cobblers.
- Add your own frosting when you are short on baking time. Keeps the fun but saves you time and mess.
- Cut into triangles and serve on your next fruit tray with fresh berries and fruit dip.
- Use cookie cutters to transform them into fun shapes.
